

GENESIS G70 GENESIS G70 SHOOTING BRAKE

Transcending the philosophy, design identity and technology of GENESIS,
GENESIS G70 continues to evolve as a luxury performance sedan,
introducing a new addition, the GENESIS G70 Shooting Brake.
Equipped with human-centric technology and state-of-the-art engineering,
GENESIS provides new opportunities to create memorable moments both on the road
and in our daily lives. The start of this relationship is an everlasting one and
it is also the source of our inspiration and evolution.

Makalu gray (GENESIS G70 Shooting Brake / 2.0 turbo gasoline / AWD / Sport Package / 19" michelin tires & dark gray matt wheels / wide sunroof)

GENESIS G70

“Athletic elegance.” GENESIS G70’s exterior design reflects the most athletic characteristics of GENESIS’ design identity. GENESIS G70’s silhouette captures the explosive energy before acceleration, stirring dynamic sensations even when standing still. The sleek interior layout is both elegant and powerful, designed to captivate the driver with intuitive details. Experience a new level of sports luxury with GENESIS G70.

Kawa blue (GENESIS G70 / 2.0 turbo gasoline / AWD / Sport Package / 19" michelin tires & dark gray matt wheels / wide sunroof)

The Crest Grille, inspired by the GENESIS emblem, and the double lines of the Quad Lamps express the confident and audacious character of the new GENESIS G70. Bold character lines stretching across voluminous surfaces, along with the rear Quad Lamps and the distinctive GENESIS name on the trunk lid exudes the powerful image of a high-performance sedan.

GENESIS G70 SHOOTING BRAKE

GENESIS G70 Shooting Brake is a new model for those who take curating personal preferences seriously. The stylish side profile and sleek rear designs create a unique body type that presents a differentiated style. The versatile interior space and sporty performance also blends in perfectly with the attitude of those setting their own pace in life.

Capri blue (GENESIS G70 Shooting Brake / 2.0 turbo gasoline / AWD / 19" michelin tires & diamond cut wheels / wide sunroof)

The dynamic front design, combined with the single-piece glass hatch that extends from the side to the rear, enhance the vehicle's clean-cut image. The floating-type spoiler and rear Quad Lamps that extend to the surface of the hatch amplify GENESIS G70 Shooting Brake's uniqueness.

The layout and height of the crash pad is thoughtfully designed to secure a wide view from the low driver's seat.
The high-tech cluster display, the comfortable body-hugging seats and luxurious aluminum panels are just the beginning of a breathtaking experience.

Obsidian black/dune beige two-tone (GENESIS G70, dune beige seats, obsidian black upper door trim / signature design selection (geometrix patterned aluminum))

※ The image of the Multi-Function Switch shown above may differ on the GENESIS G70 Shooting Brake model due to an added rear wiper function.

Bond silver (GENESIS G70 / 3.3 turbo gasoline / Sport Package / 19" michelin tires & dark sputtering wheels / wide sunroof.)

GENESIS SPORT DESIGN

The dark-chrome Daylight Opening (DLO) molding, developed exclusively for the Sport Package, along with the front radiator grille's surround molding and dark-tinted chrome mesh, highlight the model's high-performance characteristics. The exclusive 19" wheels reflecting the concept of the G-MATRIX patterns, and the Brembo brake calipers, complete the powerful image of GENESIS G70's and GENESIS G70 Shooting Brake's Sport Package models.

The Sport Packages of both models come with distinctive red seats with premium quilting and red stitches, which deliver a thrilling sensation just by sitting in them.

Fine details such as the exquisite swirl patterns on the aluminum garnishes to the metal pedals enhance the sophisticated touch and feel of the Sport Packages.

Obsidian black/sevilla red two-tone (GENESIS G70, Sport Package / sevilla red seats, obsidian black upper door trim / sport nappa selection (spin patterned aluminum))
 ※ The image of the Multi-Function Switch shown above may differ on the GENESIS G70 Shooting Brake model due to an added rear wiper function.

PERFORMANCE

GENESIS G70 and GENESIS G70 Shooting Brake offers the perfect balance between dynamic driving and safety with cutting-edge technology that recognizes road conditions in advance and reacts to driving conditions immediately.

2.0 turbo gasoline engine

252 Maximum output
PS/6,200rpm

※ With the Sport Package: 255PS/6,200rpm

36.0 Maximum torque
kgf·m/1,400~4,000rpm

3.3 turbo gasoline engine

370 Maximum output
PS/6,000rpm

※ With the Sport Package: 373PS/6,000rpm

52.0 Maximum torque
kgf·m/1,300~4,500rpm

※ Specifications not available on GENESIS G70 Shooting Brake models

01.

AWD system _ This system automatically senses slippery or unstable driving conditions that even the driver may not detect and proactively balances power between the front and rear wheels to ensure stability at all times.

Electronically controlled suspension _ Drive modes differentiate the damping force of the shock absorbers. Comfort mode delivers stability, while Sport+ mode delivers firm steering and cornering.

02.

AWD + LSD integrated control system _ This system controls the All Wheel Drive (AWD) transfer in tandem with the left/right traction control of the Limited Slip Differential (LSD), improving driving performance during turns. It also allows the driver to drift around corners.

※ Applied when 3.3 turbo gasoline / AWD / Sport Package are selected.
※ Limited Slip Differential (LSD) not applied with 2.0 turbo gasoline / AWD

03.

Brembo brakes _ These sophisticated and high-performance brakes are applied to secure GENESIS G70's superior driving performance and differentiated image as a sports sedan.

※ Red Brembo brakes are available for GENESIS G70 models.
※ Black Brembo brakes are available for GENESIS G70 Shooting Brake models.

04.

Variable exhaust muffler _ Depending on the drive mode selected by the driver and the amount of pressure applied to open the accelerator (throttle), the exhaust sound can be controlled to provide an exhaust note that best matches the driver's performance preferences. It can also provide a power boost equivalent to 3PS.

※ Available with 3.3 gasoline turbo/Sport Package.

INTELLIGENCE

A state-of-the-art system meticulously assists the driver in any situation, ensuring uncompromised safety.

01.

Highway Driving Assist (HDA) system _ When driving on the highway, this system helps the vehicle stay centered in its lane while maintaining a set speed and keeping a safe distance from the car ahead, even in curved sections.

Lane Keeping Assist (LKA) system _ This system alerts the driver if the vehicle leaves the lane while driving over a certain speed and without the use of the turn signals. LKA may also apply steering wheel control if the vehicle leaves the lane.

Lane Following Assist (LFA) system _ This helps assist steering to keep the vehicle centered in its current lane.

02.

Forward Collision-Avoidance Assist (FCA) system (junction turning) _ This system helps to automatically bring the vehicle to a stop when there is a risk of collision with another vehicle, cyclist or pedestrian that suddenly appears or stops ahead. It may also help bring the vehicle to a stop when there is a risk of collision with an approaching vehicle when making a left turn at an intersection.

03.

Blind-Spot Collision-Avoidance Assist (BCA) system _ This system alerts the driver of approaching vehicles in the blind spot area when the driver activates the turn signals to change lanes or when the vehicle is exiting a parallel parking spot. If the risk increases even after the warning, the system helps to automatically stop the vehicle to avoid a potential collision.

04.

Rear Cross-Traffic Collision-Avoidance Assist (RCCA) system _ This system alerts the driver if a collision risk is detected from the left and right sides of the vehicle while reversing. If the risk increases even after the warning, RCCA helps to stop the vehicle.

CONVENIENCE

The wide array of technology offered in bring the vehicle and driver one step closer to each other by smartly connecting individual preferences and driving experiences.

01.

10.25" infotainment system _ The wide touchscreen display can split to show media, weather and GPS features separately on the right side.

02. 03.

Rear occupant alert _ This system recognizes the opening & closing of the rear doors to alert the driver of rear occupants when exiting the vehicle. Warnings are given when the driver turns off the engine and opens the driver-side door.

Touch-type climate control panel _ Fine dust sensors, engine room pre-filters, and antibacterial-treated high-performance combination filters reduce the level of fine dust in the vehicle.

04.

15 Lexicon speakers system (Quantum Logic Surround) _ 15 Lexicon speakers with the latest Quantum Logic surround sound technology are positioned optimally for the best acoustic performance. Real stainless steel midrange speaker grilles reproduce a clear voice range that is close to the original sound. Subwoofers installed on the bottom of the driver's seat and front seat provide the deepest and richest bass sound experience.

01.

Intelligent driver's seat _ Electrically adjustable driver seat including lumbar support, cushion extension and seatback bolster optimizes seat adjustments to conform to the driver's posture and anatomy. Seat adjustment settings are displayed on the AVN screen for greater operational convenience.

Smart posture control system _ Seat, steering wheel, outside mirror and head-up display positions are automatically adjusted by feeding the driver's biometric information (height, seated height, and weight) into the system, which also analyzes the driver's driving posture. Health-related information, such as lumbar load and strain under the present driving posture can also be checked at any moment.

02.

Rear seat folding (6:4 type) _ Ergonomic seat design provides a comfortable ride in long distance travel. A practical, 6:4 split, rear seat folding function facilitates the loading of long leisure equipment or bulky luggage.

03.

Rear seat folding (4:2:4 type) _ Customize the trunk space by folding the rear seats to best accommodate your passengers and luggage. Fold the center seat to fit longer luggage such as skis or snowboards, while the one-touch folding lever can be reached from the trunk space to conveniently fold the seats.
※ Specifications exclusive to GENESIS G70 Shooting Brake models

04.

Smart power tailgate _ Simply standing near the trunk area for 3 seconds with your smart key will automatically open the tailgate for convenient loading/unloading. The AVN system's customizing function allows the user to set the opening level of the tailgate to suit the height and preference of the user.
※ Specifications exclusive to GENESIS G70 Shooting Brake models

05.

Luggage covering shelf _ This feature neatly covers items inside the trunk space so they can't be seen from the outside, and also protects them from intense UV rays in summer.
※ Specifications exclusive to GENESIS G70 Shooting Brake models

FEATURES

18" Dark hyper silver wheels

18" Real steel gray wheels

19" Diamond cut wheels

19" Dark gray matt wheels*
